A fowl is very good in its proper place, but when the fowl ceases to breathe and it is thrown into the street, there ariseth a foul odor in the air that is very foul to the passer by, and for the sake of all concerned we think it would be quite humane to give the breathless fowls a decent burial in the lot.

These are thoughts that have passed in our mind on seeing these breathless fowls in various parts of town.

Fresh Lime for sale on and after Wednesday, April 14, 1897, at the residence of Edward Christian.

A whole family narrowly escaped poisoning to-day, by eating apples that had been cooked in a brass kettle and left in it over night. The youngest child, a boy, was badly poisoned and were it not for timely aid would have died, but it is now thought to be out of danger.

Brass utensils are quite common but our advice is to never use such articles for any kind of fruit.

R. Morris has just received a great assortment of the finest Flower Seeds. Ladies call and make your selections early. Prices low.

St. George is becoming quite noted as a desirable home for those who have lung troubles of any kind, and new arrivals are getting common. The latest distinguished is a young gentleman who arrived Wednesday morning, April 28, and is stopping with Mr. and Mrs. Albert E. Miller. His lungs are said to be sound. His hair was a little loose

## CLOSING EXERCISES

Of the Public Schools of St. George.

Friday April 30th was the last day of the Public schools for the past year and appropriate exercises were held in the tabernacle beginning at rooclock. At that time the large building was filled with school children and parents who had come to witness the closing exercises. The exercises were opened by the school singing "The Star Spangled Banner" prayer by Richard Morris. Miss Zaidee Walker then read the roll of honor after which E. H. Snow in behalf of Col. E. W. Tatlock of Salt Lake City—the donor—presented the schools with a beautiful flag Mr. Snow took occasion to thank Mr. Tatlock and paid a warm tribute to the public schools as a national institution. Miss Rosa Gregerson read a poem "The Schoolhouse flag". The School and audience sang "Cheer we the flag ever true" with Miss Lottie Ashby leading. An able address on "patriotism in the Public Schools" was rendered by Clarence Jarvis. Francis L. Daggett Chairman of the School Board presented the graduates with their certificates. The graduates were: Miss Maud R. Snow, Clarence S. Jarvis, Louisa Cox, Jennie Nixon, Tina woodbury, Alice Redd, and Rosa Gregerson. These had all completed the eighth grade. Each school in turn gave very creditable exercises. Jos. Walker of the Central School gave a very good address on "The Pilgrims". "Mother Goose and her Family," "The birds convention" "The census taker" were dialogues that were acted with considerable ability and reflected credit on teachers and pupils, while the little tots who rendered "Three little Kittens" and "The Welcome" were very cute and brought forth great applause. "The Vacation Exercise" in which each had a part to perform exhibited the bold and the bashful, the positive and the hesitating, and withal was very entertaining. In the "Vacation Song" the Primary boys fairly outdone themselves and made the girls jealous. The "Drill" by the Intermediates were a great success and the drillers will no doubt some day belong to the N. G. U. The song "May Greeting" and the recitation "Keep your promise" were well received. Misses Lettie Nelson and Edith Judd sang a beautiful duet and sang it beautifully, too. As a closing exercise the schools and audience sang "America" and the school year was declared closed. The children and parents then adjourned to the grounds where picnic were spread and all

had a good time feasting, swinging and playing games.
